YOU'RE INVITED!

Jacksonville's Premier Cannabis Party

Riding on the success of Cannabash 2023, the community is excited to see what can be achieved in 2024. Cannabash originated in Jacksonville in 2018 Dr. Rene Pulido and this festival has attracted attendees from all corners of the state of Florida.

Cannabash was founded to bring cannabis education to the communities of Jacksonville. We currently host educational events each year with a large eclectic crowd in attendance. We plan to continue our efforts with the support of local dispensaries, MMJ companies, non-profits, retailers, and a variety of CBD & hemp companies.

Cannabash 2023 was a resounding success, enticing hundreds of attendees to visit in one place throughout the day! 2024 intends to build on the successes, feedback, and lessons learned from 2023, with a target to break our previous attendance record.

HIGHLIGHTS

Cannabash aims to bring the Jacksonville cannabis market to life in one place, surrounded by great music and great food. In 2023, Affordable Marijuana License boasted the largest patient roster of any licensed clinic in northeast Florida. Cannabash hopes to provide card holders direct consumer access to the local retail leaders in the culture.

Cannabash continues to draw larger crowds each year. With more than 90% of those attendees from the local community, our partners have a unique ability to market direct to local consumers with very little effort.

WHO SHOULD ATTEND

Music Lovers

Music has always been a large part of the cannabis culture. 2024 hopes to bring a more robust music lineup that is appealing to all.

Foodies

You haven't experienced Jacksonville if you haven't eaten at Havana Jax. An authentic Cuban restaurant serving traditional Creole Cuban food.

Local Community

Cannabash is focused on supporting local, from the best local food & market vendors, to local talent and local investment, Cannabash is aimed at supporting locally first.
